

YOUR POCKET STUDIO

Review, approve and deliver at the speed of **production.**

INSYNC Systems is the review and transfer platform for audio-visual professionals. Post houses, production companies and agencies run it under their own name, at insync.yourstudio.com, and bring their whole team and every client into one place.

frame-accurate notes

REVIEW

Original quality on any phone

Clients play the exact master, with a theatre-style leader, notes pinned to the frame, drawings and reference images.

FEEDBACK

Grade and re-cut on the picture

Suggest a grade with real colour controls; re-order shots, change pace, lay music and snap cuts to the beat.

COMPARE

A/B on one timeline

Lock-step playback of any two versions, drag to align, and one-click presentations with PDF export.

DELIVER

Editor-ready exports

QuickTime renders, XML for Premiere, Resolve and Final Cut, and Resolve markers for every comment.

DIRECT

Unlimited peer-to-peer transfer

Drive to drive, encrypted, with no size limit and no storage cost. Folders, pause and resume included.

WHITE LABEL

insync.yourstudio.com

Your studio's name on every link, presentation and screening. Priced by storage, never by seat.
